Veritek

An award-winning accounting solution for multi-company businesses

iplicit's powerful cloud accounting software provides a single platform with up-to-the-minute data from all the entities in your group. Multiple companies, one database.

That means business decisions can be driven by real time information, without waiting for figures to be extracted and consolidated in spreadsheets.

Our larger customers have more than 300 entities in their group – and iplicit saves them days and days of staff time each month.

"The real-time reporting has been business changing. We've been able to consolidate all the businesses at once so we can grab very realistic and up-to-date snapshots at a moment's notice."

**Sarah Smith, Group Operations
Director A-One Insurance Group**

Unlimited Flexibility

iplicit offers unlimited dimensions, allowing customers to slice and dice their data in as many ways as they need, to gain the insight required to drive growth.

Real-time Consolidation

Our single unified architecture means that transactions are entered once and automatically consolidated in real-time for easy reporting.

Project Accounting

Our powerful project module allows for users to easily manage and gain visibility over key metrics such as project profitability.

Dashboard Reporting & Analytics

Create powerful dashboard reports to easily visualise key metrics and KPIs.

Credit Control Capabilities

Easily customise your dunning processes to improve payment collection and reduce DSO. We also offer native direct debit functionality.

Affordable & Accessible

With a highly competitive mid-market price point and an average of 16 days to go live, iplicit puts the power of enterprise-level accounting software in the hands of all mid-market organisations.

Automated Billing & Revenue Recognition

Utilising our automation engine, customers can fully automate their billing and rev rec processes, removing the need for clunky and error-prone spreadsheets.

API-first Architecture

Built for growth, iplicit easily integrates into other key business systems to provide a real-time single source of truth.

AP Automation

Optimise your processes and utilise time saving technology to remove the burden of manually managing your procure to pay process.

Timesheets & Expenses

Timesheets and expenses are available through our mobile app or any modern browser.

Intuitive Workflow Engine

Freely configure workflows in iplicit so that the system works the way you need it to with all the approvals and controls you require.

"When we were looking at products, there were two clear competitors. And ultimately, the demos showed that iplicit was light years ahead. It's a product that I'd highly recommend."

iplicit is probably the most flexible system I've ever used. It saves masses of time. All the finance team have said to me, at one point or another, that the best thing I've ever done was bringing in iplicit."

Narinder Uppal, Finance Director
The Recruitment Group

Your trusted partner throughout.

Our expert implementation team will support you through the entire onboarding process, with customers **up and running in weeks rather than months.**

Once you're live, you'll have ongoing customer support to ensure you're getting the most out of iplicit and your software is constantly upgraded to provide additional features, without affecting your customised set-up.
